The regions of Aachen, Dresden and Denkendorf form a triangle for textile research and innovation. The locations jointly organize the Aachen-Dresden-Denkendorf International Textile Conference, which is one of the most important textile conferences in Europe with regularly more than 600 participants from industry and academic research.

ADD-ITC as an on-site event at International Congress Center Dresden

The ADD-ITC 2023 will hold on-site at International Congress Center Dresden. We are extremely looking forward to the personal exchange with you and the special atmosphere of a face-to-face event. We invite you to visit the ADD-ITC as a participant, speaker or with your exhibition booth and to immerse yourself in the fascination of the textile future on site.

The conference program 2023 includes plenary lectures and themed sessions in the areas of

- German-India Partnerships
- Trends in the Textile Production
- Sustainable Polymer Materials and Functionalization
- Protective & Functional Textiles
- Fiber-reinforced Materials & Composites
- Interactive Fiber Rubber Composites
- Tactile Internet
- Technology Transfer "From Idea to Practice"
- Textile Developments by Start-ups
- ...

The textile industry of the future is emission-free, digital and uses sustainable, recyclable raw materials, its supply chains are secure and transparent, and it responds flexibly to market changes through regional on-demand manufacturing. In the present, these megatrends are being worked out at full speed in research and development. Results of this work will be showcased at ADD-ITC 2023 in plenary and keynote presentations as well as expert lectures and poster contributions.
